

Edmeston Planning Board Meeting, March 20, 2013 7:00 pm

Members Present: Sharon Mumbulo, Richard Wayman, Alice Quintin Eleanor Vibbard

Absent Sylvia Chesebrough: Guests: Peggy Ross

Minutes of last meeting were approved. Motion by Richard, second by Eleanor.

Old business: Comments of future of Edmeston. Sustainable Susquehanna is an organization advocating for wind, solar, etc. for energy. They are opposing natural gas fracking. Richard says wind has been discarded since we do not have the correct wind. An exbeef farmer reported to Richard beef is not profitable and so did Peggy. Vibbard's beef enterprise seems profitable. Wine or beer production in this area of Otsego County seems unlikely.

New Business: The meeting for Planning Boards training was attended by Eleanor, Richard and Sylvia. It was not helpful. It related to concerns about water runoff and siting electric power stations. The storm, Irene, caused a lot of problems and this was about preventive measures which should be taken where applicable.

.
Meeting adjourned at 8:00 pm. The next meeting is April 16, 2013 7pm

Alice Quintin, Secretary
