Size Inground pool: _____ must be fenced: _____

ALL SWIMMING POOLS ARE REQUIRED TO BE FENCED!!!

*****Except above ground pools 48" above grade with an approved ladder*****

****General notice to swimming pool owners****

Under Otsego County Local Law and the NYS Uniform Fire prevention & Building Code, permits are required for the installation of all swimming pools. The fee for any swimming pool permit is \$50.00. Late fee charge is \$100.00- to avoid this charge, the permit should be issued from this office before delivery of the pool.

An electrical inspection by an independent electrical inspector is required. After this certificate is received this office will inspect the installation and issue a Certificate of Compliance on the project.

These regulations have been adopted for the safety and welfare of the general public. Your cooperation is greatly appreciated.
